Kinder Antarctica Party 9am

October 29th

APEX

CAC Meeting 5:30pm

Dear Parents and Community Members,

It was so good to see many of you at last night's "Watch Me Work Night." It is delightful to see the students showing off their favorite class work to family members. For those new to Montessori, I hope it gave you a better insight on what you children are working on during the day.

The Middle School students did an excellent job of being greeters and ushers to last night's events. This is part of the community service they do and develops leadership skills. To know more about our middle school program, please feel free to set up an observation with Ms. Shoua.

Have a great weekend!

Sincerely,

Bernie Evangelista
Principal, Capitol Campus

Screenagers

Mark your Calendars! CMP-Capitol will be showing a screening of “Screenagers: Growing up in the Digital Age” by Delaney Ruston. This is an award winning film that delves into the world of technology and how it impacts children’s development. We invite and encourage all parents to join us for this event.

Date: Thursday, October 25, 2018

Time: 8:30 AM and 6:00 PM

Where: Multi-Purpose Room

Winter Season

As we are approaching the cold and flu season, here are a few things to keep in mind:

- All medications **prescribed and over the counter**, needs to be accompanied by the Medication authorization form that is filled out by a physician/doctor. Over the counter medications can include cough drops/syrup, Advil, ointment cream, etc. There are Medication Authorization forms in the front office that can be submitted to your physician/doctor. The form is also available online on our website.
- If your student is not feeling well, please keep them home and ensure that they are symptom free of any illness before returning to school. This includes being fever-free, vomit-free, rash-free, etc.

We appreciate your cooperation in helping to keep the whole school community healthy and safe.

“Teacher of the Week”

This week, we are featuring Ms. Chace. She is the teacher for the Blue Diamond classroom. Please stop by to read all about her 😊.
