Principal's Message

Dear Parents and Community Members,

Thank you for coming to our World Faire and checking out the students' projects. I'm sure it was amazing as always. I was saddened to have missed it. We had a sudden death in the family and I had to leave immediately for the Philippines.

For any questions or assistance needed, you may contact Ms. O or any of our administrative staff in the office.

Have a great weekend!

Bernie Evangelista

December 14, 2018

Friday, December 14th is an Early Release Day with dismissal at 12pm. The Office and Club M will be closed on this day at 12pm as well. School will be on Winter Break from Dec. 17th through January 4th. First day back after the break will be Monday, January 7th.

World Faire

It was wonderful to see so many families attending our World Faire. The students put in a lot of hard work and effort into their projects, creating such wonderful classroom displays. We would like to thank all the parents who helped to volunteer to make sure this event was a success.

Can Food Drive

The Can Food Drive will continue through December 14th. This event will be in partnership with the Sacramento Food Bank & Family Services. This organization collaborates with over 200 other local agencies to distribute food to families and individuals in under-served areas throughout Sacramento County.

We will have barrels up in the front office and boxes in classes. As part of this event, students will have the opportunity to earn Free Dress Days. On the date selected, if students bring in 3 cans to donate, they can come in FREE DRESS the same day. Here are the dates for the Free Dress event:

- December 12th

Lost & Found

We have a lost and found closet shelf right outside of the Multi-Purpose room. This area is designated for lost Jackets/sweaters, Water Bottles, and Lunch Pails that are left behind. As we approach the last few weeks before the winter holiday break, we ask that parents please visit the Lost & Found area and claim any of your student's items. Any unclaimed items after December 14th will be donated.

Honey Code Program (3rd-6th Grade)

We're still looking for more participants for the afterschool Honey Code Program. Honey Code is an introductory computer coding class that teaches and challenges students to create and expand computer coding. Coding lessons are a vary from digital designing to video game creation.

If your student is interested in the program, there are registrations forms in the office. You can also enroll online via their site: www.dreamclasses.org.

Honey Code will be hosted on campus in the Multi-purpose room every Thursday from 3:15-4:15pm.

Crayola ColorCycle

One of our parents here at our campus has recently introduced us to a wonderful program called Crayola ColorCycle. This program encourages students and family members to collect and donate back used markers to Crayola.

We ask that if you have any old or used markers laying around at home, to please collect them and bring them to the school office. We will have a box designated for collection. Once the box is full, we have a parent volunteer who will empty it out and send the markers back to Crayola for repurposing/recycling. This is a great way to teach our students the importance of recycling and helping the environment.

“Teacher of the Week”

This week we are featuring Mr. Andrey. He is our Read Naturally teacher and is also a Club M Teacher. Please stop by the office to read all about him 😊
